ABOUT BKLYN DESIGN AWARDS

The BKLYN Design Awards (BKDA) is established by the Brooklyn Chapter of the American Institute of Architects to encourage excellence in architectural design, to make the public more aware of the human-made environment and to honor the architect, owner & builder of significant projects.

It is the goal of the AIA Brooklyn chapter to promote its respective members, affiliates, and non member architects through the display of their design and service accomplishments in Brooklyn. All winning entries will be promoted through a journal published by AIA Brooklyn distributed during our Design Gala and other AIA Brooklyn publications. The projects selected for awards by the Jury will be featured for their design excellence.

The 2020 AIA BKDA journal will be distributed digitally throughout the AIA New York State community and our chapter websites after the Design Gala.
